We would have liked that every teacher  
who attended the Teachers' Institute  
here last Saturday, had come around and  
registered their names, so we could have  
given the list, but we suppose they were  
too busy.

We overheard one of society young men  
saying: "I went to church Tuesday  
night with a young lady and she went  
home with another fellow," and wanted  
to know what it meant. We answer: a  
complete stand off.

Remember our friends; quite a number

get is thankfulness received. While you  
are marketing your crops you can spare

**DIED.**  
At his residence in Vernon, Monday  
night last, Mr. John Roche, aged 65 years.  
Mr. Roche was born and raised in this  
county and has lived in Vernon nearly all  
his life. He has held several responsible  
positions in the county. We tender sympathy  
to the bereaved family.

Ex-Governor Francis, of Missouri, is  
quoted as saying: "Each year the local  
paper gives from \$500 to \$1000 to the  
community in which it is located in gratuitous  
work. No other agency can or will do  
this. The editor, in proportion to his  
means, does more for his town than any  
other ten men."

In a few days we will have a Baptist  
Association and a Methodist Conference  
in session here. Friends, please look at  
our streets, sidewalks and vacant property!  
Will our citizens turn out and help  
the town authorities put things in ship-  
shape? Clean up your vacant lots, clear  
off the Streets and walks, and let's try to  
look respectable

**The Horse Swapping Convention**  
To say that the Swapping Convention  
was a complete success is putting it mildly;  
it was a perfect success. The largest  
crowd of people was here that has been  
here for years; nothing but a big circus  
show could equal it, and one of the most  
orderly crowds ever seen on our streets,  
every one was in good humor and on fun  
bent; no illfeeling or harsh words were  
spoken that we have heard of. Ask any  
one of our business men and see if they  
don't tell you that he is perfectly satisfied  
with his day's work. It brought trade  
from every direction; who did it? THE  
BANNER. Now see what a little adver-  
tising will do, and stick down a pin.

Mr. J. J. Forehand swapped horses the  
greatest number of times, as when we  
saw him last he had swapped seven times  
and was trying for another. He gets first  
premium. Mr. Wm. Day swapped five  
times, thereby securing the second pre-  
mium.

A few weeks ago the editor was taken  
with a very severe cold that caused him to  
be in a most miserable condition. It was  
undoubtedly a bad case of la grippe, and  
recognizing it as dangerous he took  
immediate steps to bring about a speedy  
cure. From the advertisement of Cham-  
berlain's Cough Remedy and the many good  
recommendations included therein, we con-  
cluded to make a first trial of the medicine.  
To say that it was satisfactory in its re-  
sults, is putting it very mildly. Indeed, it  
acted like magic and the result was a spe-  
edy and permanent cure. We have no hesi-  
tancy in recommending this excellent  
Cough Remedy to anyone afflicted with a  
cough or cold in any form.—The Banner of  
Liberty, Libertytown, Maryland. The 25  
and 50 cent sizes for sale by R. B. Bellamy  
and J. R. Farrior.

**Teachers' Association.**

The Northern Division of the Washing-  
ton County Teachers' Association met  
October 1st, 10:30 a.m., at Chipley, Fla.,  
with only a small number of teachers  
present.

The house was called to order by Presi-  
dent W. T. Horn. Rev. R. A. Foster in-  
voked the divine blessing; after which  
the chairman introduced Mayor Carmi-  
chael, who delivered the welcome address  
to which L. L. Pratt responded.

She secretary being absent, the chair  
appointed Miss Laura Sapp secretary pro  
tem.

There being no other work placed upon  
the program for the morning session, the  
chairman suggested that the remainder  
of that time be occupied in a general dis-  
cussion. A general discussion on educa-  
tional subjects was entered into by Supt.  
Lockey, Prof. Nauman and Mr. Ripley.  
The invitation to participate was extended  
to Prof. Lewis, formerly of New York,  
which he accepted.

A motion was carried for adjournment  
till 2 p. m.

The house was called to order at 2 p.m.  
by the Chairman, and the regular pro-  
gram taken up. Prof. Nauman was in-  
troduced, who took up the subject "Uni-  
form Text Books."

Twenty minutes were allowed for dis-  
cussion. A suggestion was made that the  
State of Florida assemble her most emi-  
nent teachers and copy-right uniform  
text books for the public schools of the  
State. This did not meet the approval of  
the teachers as such a step would incur  
too great an expense.

The program was again taken up by  
Mrs. N. Hadley, subject: "The Vertical  
System of Writing." This system was  
recommended as being better to teach in  
the public schools than the Spencerian  
system, since children naturally write ver-  
tically when beginning.

Twenty minutes were allowed for dis-  
cussion. Supt. Lockey suggested that the  
teachers acquaint themselves with the  
system and report their views at the next  
meeting. This was accepted.

The program was again resumed, Mrs.  
Carkhuff taking the subject, "The Pres-  
ent Needs of our Public Schools." Twenty  
minutes were taken for discussion.

Messrs. A. W. Weeks and W. T. Horn  
asked to be excused the second day from  
the Association, there being important  
business to call them away. This was  
reluctantly granted.

A motion to adjourn till 7:30 p. m. was  
carried.

At 7:30 p. m. the teachers, and some  
of the interested citizens of the town,  
were assembled in the Methodist church  
and were highly entertained by Rev. R.  
A. Foster, who took for his subject: "Our  
Country." He stated that there were  
seven great world problems which must  
be settled in our country, and that we  
must have men to do this work; also that  
the men must come from our public  
schools. Realizing this the public school  
teachers should feel the great responsi-  
bility devolving upon them.

Oct. 2.—The house was called to order  
Saturday morning, at 8:30 by Supt. Lock-  
ey, chairman pro tem. Prof. Lewis in-  
voked the divine blessing; after which  
Mr. Ripley was introduced. His subject  
was "What Should Constitute a Teacher's  
Library."

Thirty minutes were allowed for dis-  
cussion, in which there was a protest  
made against the present system of news-  
paper reading. The majority was in fa-  
vor of the subject with the claim that it  
is a great aid in education, especially on  
current topics.

The program was again taken up, by  
Mr. E. Stanton, subject: "How may we  
secure Regular Attendance in our Public  
Schools." He frankly stated that he had  
no immediate remedy, but made several  
suggestions as to how to create interest.

Thirty minutes were taken for dis-  
cussion. The Chair suggested that some one  
present his views on compulsory educa-  
tion as a remedy. The general sentiment  
was against it.

The last thing on the program was a  
closing address, by W. T. Horn. He hav-  
ing to be absent, asked Prof. Lewis to fill  
his place, to which he consented.

A motion was made, and carried for ad-  
journment, until the meeting of the  
Southern Division for Washington County  
Teachers' Association at St. Andrews,  
the 1st and 2nd of January, 1908.  
W. T. HORN, Pres.  
Edith GAWKNEY, Sec.

Those who believe chronic diarrhoea to  
be incurable should read what Mr. E. E.  
Gresham, of Gaars Mills, La., has to say on  
the subject, viz: "I have been a sufferer  
from chronic diarrhoea ever since the war  
and have tried all kinds of medicines for it.  
At last I found a remedy that effected a cure  
and that was Chamberlain's Colic, Cholera  
and Diarrhoea Remedy." This medicine  
can always be depended upon for colic,  
cholera morbus, dysentery and Diarrhoea.  
It is pleasant to take and never fails to ef-  
fect a cure. 25 and 50 cent sizes for sale by  
R. B. Bellamy and J. R. Farrior.

Mr. Editor.  
I give a few dots of my views upon  
the franchise or suffrage of foreigners in

In the first place, we have to live here

months they can vote, and nine-tenths of  
them cannot read the names printed on  
their ballot; therefore they do not know  
whether they are voting for or against  
the interest of the people. For this reason  
I believe they should live here 21  
years before they are allowed their fran-  
chise, as same as American raised citi-  
zens. Why are they twenty years better  
than our home-raised citizens? I say  
that they are not any better than our  
sons are and should be brought down up-  
on a level with them, or else our land will  
soon be ruled and governed by Rascality  
and Ignorance, instead of Honesty and  
Brain, and I for one denounce the twelve  
months deliberation of foreigners, to  
American citizenship.
